2 HIGHLIGHTS

2013 - 2012

DOCRACY

Identity, web design, illustrations and front end development for the awesome legal tech startup Docracy.

2012 - 2010

ANDROIDIFY

Vector drawings for an Android application by Google.

<http://www.androidify.com/>

2010

LARVA LABS WEBSITE

Web design and hand-coding in standard compliant HTML / CSS. The site runs on a CMS I've programmed from scratch in procedural PHP & MySQL.

<http://www.larvalabs.com/>

2009

MOBILE APPS

I've designed icons, user interfaces and did illustrations and animations for several mobile applications for different platforms including Sidekick, iPhone and Android.
